Jalice
OFFICE FURNITURE

Product Collection 2023

CONTENTS

JALICE is an office furniture brand that was launched to meet the daily needs of offices, especially in the post-digital revolution era. In the second approach, it pays attention to home businesses and startups.
JALICE has a design approach in his productions. Pays attention to customer needs and is committed to quality in production and scheduling.
Harmony - which means the coordination of all components, from design to support and matching of products with the soul and atmosphere of the consumer's organization - is the fundamental approach of JALICE.
The audience knows JALICE as an expensive brand. JALICE is a leader, innovator and supporter.
The name Jalice is a reminder of companionship and sitting.
